

**CONSENT FOR ORTHODONTIC RECORDS AND UNDERSTANDING OF FEES**

During this orthodontic diagnostic workup appointment, the following records will be taken. Impressions of the patient's teeth to produce dental models of their teeth, photographs of the face and teeth, a complete set of x-rays or Panorex x-ray, and a clinical orthodontic exam.

Fees for this visit shall be a \$99 examination fee as well as a \$64 Panorex x-ray fee and are not part of the proposed orthodontic treatment fee.

There will however, be no charge for the photographs, impressions, dental models or the analysis of all the records to develop a treatment plan or the consultation visit to review the treatment plan with you.

An x-ray will also be required at the Burlington x-ray clinic.

Please sign here to give us consent to show the before and after photos (of teeth only) on our website WORK section.

Orthodontic fees are \$5500 which includes all lab fees for appliances that may be required for the orthodontic treatment, as well as a lower bonded retaining wire. This fee does not include any general dentistry, extractions, x-rays, fillings, bonding to close spaces of small teeth, cleanings or six months examinations. It also does not include the initial workup exam fee or x-ray fee.
